## Christmas Comes But Once a Year...

... and always comes sooner than we expect. This “special” year, preparation and planning will be more important than ever before.

With no expectation of distancing measures being relaxed by December (we could always be pleasantly surprised...) access to the shop will be restricted. It will help to shop early, and use our ordering service as much as possible. At the same time, our capacity to process orders is limited and it will be first come, first served. So, ORDER EARLY PLEASE!

The good news: we will be able to provide nearly everything you'll need for your Christmas feasts, and all your edible gifts and treats. To help with your selection we have included our traditional “shopping list” with this flier. We have also put most of our Christmas products onto our website, so you can order online, or print a shopping list to bring to the shop.

We encourage ordering by the **beginning of December** but the absolute cut off will be **18<sup>th</sup> December**. We will also deliver (for free within the YO51 postal area) but, again, early ordering is essential as poor Vera can only carry so much!
